Discovery Benefits offers the ability for participants to manage their benefit account(s) online. To create your account online, go to [www.DiscoveryBenefits.com](http://www.DiscoveryBenefits.com), click the Login button and select Billing Solutions.

Select New user registration and complete the steps below to activate your account.

**Step 1 — User Registration:** Enter your registration code. Then, select Submit.

**Step 2 — User Confirmation & License Agreement:** To confirm you are an authorized user, enter your social security number and select Submit. You will then be prompted to read a New User License Agreement. Read this agreement and check the box to indicate your acceptance of the terms. Then, select Submit.

**Step 3 — Change Username and Password:** You will be prompted to enter a username, password and confirmation of your password. Once you have entered this information, select Submit. **Note:** Keep record of your personalized username and password. Discovery Benefits does not store this information.
